The result of the vote was announced as above recorded.

AMENDMENT NO. 55 OFFERED BY MRS. BLACKBURN

The Acting CHAIR (Mr. BERGMAN). It is now in order to consider amendment No. 55 printed in House Report 115-297.

Mrs. BLACKBURN. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of division A (before the short title), insert the following:

SEC. \_\_\_\_\_. Each amount made available by this Act (other than an amount required to be made available by a provision of law) is hereby reduced by 1 percent.

The Acting CHAIR. Pursuant to House Resolution 504, the gentlewoman from Tennessee (Mrs. BLACKBURN) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Tennessee.

□ 2200

Mrs. BLACKBURN. Mr. Chairman, I know that we have a lot of activity on the House floor tonight, which I think is a good thing. It shows that the people's House is here, that we are working, and that we are meeting the needs of the American people. One of those is making certain that we fund the activity of this government, and that we do it in a responsible way.

I think that as I come to offer my amendment, that I offer every single year, on this piece of legislation, Mr. Chairman, it is very important to note that this Appropriations Committee has done a phenomenal job of reining in out-of-control spending.

One of the lessons that should have been learned over the past couple of years is that it is very clear the American people understand that Washington does not have a revenue problem, it has a spending problem. As I said, Washington does not have a revenue problem, it has a spending problem.

We know that the bureaucracy has an insatiable appetite for the taxpayers' money. We see it all of the time. It is why we are having a vote to raise the debt ceiling. It is why we are right at \$20 trillion in debt. It is because the spending is, indeed, out of control.

The work that has been done by this committee to prepare these appropriations bills is so vitally important, and it is to be commended. I think we have to look at this Interior Appropriations bill and realize that last year it was a \$32.28 billion bill. This year, they have worked that spending down to \$31.4 billion, and that is, indeed, commendable. In this bill, they have cut the spending at the EPA a total of 27 percent, and that is, indeed, commendable.

The amendment that I bring forward tonight is to reduce that budget authority by an additional 1 percent. And I do this in calling for a penny-on-a-dollar cut, to challenge the bureauc-

racy to match the great work that has been done by our colleagues, on both sides of the aisle, as they have worked through to reduce what we spend to cut out waste, to look for fraud, to find ways that the taxpayer dollar is being abused, and to end that abuse.

And, indeed, we know that saving a penny on a dollar is something we can do. It is important to our children and grandchildren. Indeed, I think we have a moral responsibility to do that.

And there are areas where we can do this. I will give you a couple of examples where there is more that we could be doing.

One is in ceiling fan regulations through the EPA. Some of the regulations they have put on ceiling fans, which actually reduce energy consumption, are absolutely ridiculous. We know that they yield a benefit, especially for people that live in areas, like I live in, in Tennessee.

So while we recognize the vital work of the Department of the Interior, we also realize there are areas where more could be done to curb the waste, and where we could challenge the rank and file employees in these bureaucracies.

Mr. Chairman, I reserve the balance of my time.

Mr. CALVERT. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIR. The gentleman from California is recognized for 5 minutes.

Mr. CALVERT. Mr. Chairman, I want to commend my colleague for her consistent work to protect taxpayer dollars, and I certainly support her in all of the endeavors that she has done over the years to do that. But this is not the type of approach that I can support. I certainly like the idea of challenging the agencies, and I believe that the agencies are going to meet that challenge to cut spending in a responsible way.

This bill has made some very tough choices, within a subcommittee allocation, that adheres to the current law. The Budget Committee asked us to meet certain budget caps, and we have done so in this bill, while asking that we increase spending for our national security, which is in woeful shape.

So we had to make some very difficult tradeoffs. This bill, in its current form, balances our needs, those tradeoffs carefully weighed for their respectful impacts. We prioritize funding for fire suppression, PILT, national parks—maybe the most popular agency in the United States Government—and meeting our legal and moral obligations in Indian Country.

Unfortunately, the process that the gentlewoman proposes—an across-the-board cut—would cut all those programs, including Indian health, national park programs, and other programs, which already are taking significant cuts.

This amendment makes no distinction between where we need to be spending to invest in, say, energy independence, or to limit spending to meet our deficit controls.

Mr. Chairman, I urge my colleagues to vote "no" on this amendment, but I certainly support the fact that we are trying to get our budgets in line.

Mr. Chairman, I reserve the balance of my time.

Mrs. BLACKBURN. Mr. Chairman, I do appreciate the chairman's work, and the committee's good work.

I do want to point out that across-the-board cuts work. We see them work in our State governments, and we see them work in our local communities. And certainly families see these work, where they go in and they just shave a little out of everything that they are spending.

If you look at the discretionary spending components of our Federal budget and you say, Let's find a way to save one penny out of every dollar that has been appropriated, then you put yourself on the road to reducing what the Federal Government spends, what they take from the taxpayer and then spend.

We are spending too much money on programs that we don't need, programs that have outlived their usefulness, and programs that future generations don't even realize that they are going to have to pay for.

So, let's do the fiscally responsible thing. Let's challenge these agencies, let's cut one more penny out of the dollar, and do this for our children, for our grandchildren, and for the fiscal health of our Nation.

Mr. Chairman, I yield back the balance of my time.

Mr. CALVERT. Mr. Chairman, I yield such time as she may consume to the gentlewoman from Minnesota (Ms. MCCOLLUM).

Ms. MCCOLLUM. Mr. Chairman, I strongly oppose this amendment.

This amendment discriminately cuts programs in this bill without any thought to the merit of what is contained in this bill.

For example, in Indian Health Service, it really means fewer patients being seen. It means fewer safety inspectors ensuring accidents don't occur. Deferred maintenance in our drinking water, sanitation, and infrastructure. We will lose investments in environmental infrastructure, and, with that, jobs will be lost.

But the EPA, as has been pointed out quite a bit tonight for cuts and for shifting funding around within this bill, is \$2.2 billion less than 2010: 2,000 fewer employees. So employees are being pulled out of my region and your region and all over to respond down in Harvey, meaning work isn't being done. And I bet they are going to get the call to leave their families and go look at sewer systems that have broken apart, and water systems that don't have the ability for safe drinking water. This is an agency that was funded and cut again in this bill, and they have real jobs to do.

So when you discriminately cut across, you are also cutting across those programs that we are relying right now for the EPA to do in Harvey.

And then the Forest Service just notified us that they are out of money for fire suppression. So we are going to cut the Forest Service across 1 percent?

There might be places where you and I could agree, Mr. Chairman, where we could be doing some cuts, and I could work with my colleagues on it. But across the board, this year, in this bill, is something I can't support.

Mr. CALVERT. Mr. Chairman, I urge a "no" vote, and I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentlewoman from Tennessee (Mrs. BLACKBURN).

The question was taken; and the Acting Chair announced that the noes appeared to have it.

Mrs. BLACKBURN. Mr. Chairman, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentlewoman from Tennessee will be postponed.

AMENDMENT NO. 56 OFFERED BY MR. PALMER

The Acting CHAIR. It is now in order to consider amendment No. 56 printed in House Report 115-297.

Mr. PALMER. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of division A (before the short title), insert the following:

SEC. \_\_\_\_\_. None of the funds made available by this Act may be used by the Environmental Protection Agency to carry out the powers granted under section 3063 of title 18, United States Code.

The Acting CHAIR. Pursuant to House Resolution 504, the gentleman from Alabama (Mr. PALMER) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Alabama.

Mr. PALMER. Mr. Chairman, the Environmental Protection Agency spends as much as \$50 million a year to employ nearly 200 armed agents at an average cost of \$216,000 per year, per agent. In total, over the period from fiscal year 2006 to 2015, the EPA spent an estimated \$715 million for its criminal enforcement program. This money could have been better spent on such things as improvement of our water systems.

These 200 special agents were equipped with guns and ammunition up to 30-millimeter, camouflage and other deceptive equipment, night vision, unmanned aircraft, and other military-style equipment.

A 2015 report by Open the Books, noted that EPA spent \$24,700 on ammunition between 75-millimeter and 125-millimeter, and \$23,000 on ammunition over 125-millimeter. It is difficult for me to imagine that the EPA has a legitimate use for ammunition of that size.

The EPA is just one of more than 70 Federal agencies that employ armed

personnel, many of which most Americans would never associate with law enforcement. These include the National Oceanic and Atmospheric Association, the Federal Reserve Board, and the National Institutes of Health, among others.

I think we need to take a step back and reevaluate whether arming the bureaucracy is the best way to ensure that our laws are enforced. Federal agencies should be able to demonstrate their need for armed personnel and, absent such a demonstration, should rely on local or State law enforcement when there is a need for armed protection.

My amendment would prohibit funding for EPA's armed agents and begin to address the troubling trend of militarization in our Federal agencies.

Claim: While I appreciate my colleague's concerns about the militarization of federal agencies, this amendment reaches too far.

Response: It is not my amendment, but the EPA that has reached too far. EPA is the poster child for government overreach, and they have clearly abused the police powers they've been granted.

Claim: This amendment puts EPA employees at risk of bodily harm. They deserve to come home to their families at night.

Response: I agree that every federal employee should be able to come home safe to their families and this amendment would not impact their ability to do so. EPA and any other federal agency that believes that their activities could result in a threat to their employees have the ability to coordinate armed protection with local or state or federal law enforcement.

Claim: This amendment would give criminals a free pass to pollute our air and water and ignore the laws on the books.

Response: My amendment would not hinder EPA's ability to enforce the laws on the books and no one wants to see our air and water polluted. However, we cannot ignore the facts that EPA's criminal enforcement division could be mistaken for a military operation at this point. I want to see our laws enforced, but I have serious doubts that it takes 200 heavily armed EPA agents to accomplish that goal.

Claim: We should have a debate over EPA's need for armed agents but this is not the correct venue for that debate. The debate should take place in the authorizing committees.

Response: That same argument could be applied to every limitation amendment offered to an appropriations bill, but that doesn't stop limitations from being offered and adopted. That said, I am happy to continue this debate should a bill reauthorizing these activities come up.

We recently increased funding for the Capitol Police by \$29.2 million which could be more than covered by the reduction I am seeking to EPA Criminal Enforcement.

Mr. Chairman, I urge my colleagues to support the amendment, and I reserve the balance of my time.

Mr. CALVERT. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIR. The gentleman from California is recognized for 5 minutes.

□ 2215

Mr. CALVERT. Mr. Chairman, I understand, and I have taken a lot of criticism over the last few years for cutting EPA's budget by 27 percent over the last number of years. However, I believe this amendment is just going too far.

We have a new administration. We have a new Administrator. I think there is a new day over at EPA. None of us want to see our rivers polluted, toxic waste either on the ground or in the air, and I think this administration will administer the law properly.

We may not always agree on where it is appropriate to draw the line on environmental laws and regulations. Some think some standards are too stringent, some think they are not tough enough, and that is a fair policy debate to have. However, we know that no matter where the line is ultimately drawn, there are individuals out there who are willingly and knowingly trying to find ways around those laws. As such, EPA needs the ability to look into criminal activity, whether it is illegal dumping of waste, negligent dumping of toxics or oil, or the illegal importation of products from other countries by those who would choose to ignore United States law.

So we can debate the law and what is appropriate, but we can't give criminals a free pass or ignore the laws that are on the books. Mr. Chair, I must oppose the amendment and urge my colleagues to do the same, and I encourage a "no" vote.

Mr. Chair, I reserve the balance of my time.

Mr. PALMER. Mr. Chairman, I appreciate the chairman's great work on the appropriations bill and have great respect for him, but I would like to respond to some of the comments.

This is not a cut to the EPA's budget. This is a redirection of funds away from a militarized division of the EPA. There is no effort at all here to diminish the EPA's ability to carry out its core functions. If there is a problem where armed agents or armed personnel are involved, they need to rely on people who are trained to deal with such situations. Actually, I think this would allow the EPA to redirect its funds to make sure that our environment is protected.

So with all due respect, I want to make sure that it is understood that this is not a cut to the EPA's budget. This is a redirection of resources and a demilitarization of a Federal agency that, frankly, I have seen in my own State of Alabama where they showed up at a city water system in full body armor, bulletproof vests, carrying AR15s—at a city water system. It was totally uncalled for.

Mr. Chair, I urge my colleagues to support this, and I reserve the balance of my time.

Mr. CALVERT. Mr. Chair, I understand the gentleman's concerns. I would suggest that he go down to the Administrator's office, our new Administrator, Mr. Pruitt, and meet with

him. I don't think that there is any desire on his part to militarize the Environmental Protection Agency, and I think that he will see this new Administrator wanting to do the right thing.

Mr. Chair, I oppose this amendment and urge my colleagues to oppose the amendment.

Mr. Chair, I yield back the balance of my time.

Mr. PALMER. Mr. Chair, again, I appreciate the response of the chairman, who, I again want to reiterate, has done a fine job in the appropriations process, and I appreciate his concerns about this.

I intend to meet with Secretary Pruitt. I have known him for quite some time and have full confidence in his ability to lead the EPA in a much better direction than it has been over the last few years.

He inherited this problem. This is not an effort by the EPA to militarize. They already are militarized. This example I gave you from the State of Alabama is just one example of other instances in the State of Alabama, other instances around the country.

We depend on law enforcement to handle confrontational situations. I don't think anyone expects a Federal agency to have people who are trained to the degree that our law enforcement is to handle situations where someone might get injured or killed.

So it is, I think, totally appropriate for us at this point to redirect this funding, to remove this funding for armed agents, who, by the way, as I said early on, and if you want to see this report from Open the Books, we are purchasing 75-millimeter ammunition, 30-millimeter ammunition. It is hard to imagine what purpose they have for ammunition of that size.

Mr. Chairman, I appreciate the opportunity to speak on this amendment, and I urge my colleagues to vote "yes."

Mr. Chair, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Alabama (Mr. PALMER).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. CALVERT. Mr. Chair, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Alabama will be postponed.

Mr. CALVERT. Mr. Chair, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. LAMBORN) having assumed the chair, Mr. BERGMAN, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 3354) making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30,

2018, and for other purposes, had come to no resolution thereon.

# REPORT ON RESOLUTION PROVIDING FOR CONSIDERATION OF SENATE AMENDMENT TO HOUSE AMENDMENT TO SENATE AMENDMENT TO H.R. 601, REINFORCING EDUCATION ACCOUNTABILITY IN DEVELOPMENT ACT

Mr. SESSIONS, from the Committee on Rules, submitted a privileged report (Rept. No. 115-299) on the resolution (H. Res. 509) providing for consideration of the Senate amendment to the House amendment to the Senate amendment to the bill (H.R. 601) to enhance the transparency and accelerate the impact of assistance provided under the Foreign Assistance Act of 1961 to promote quality basic education in developing countries, to better enable such countries to achieve universal access to quality basic education and improved learning outcomes, to eliminate duplication and waste, and for other purposes, which was referred to the House Calendar and ordered to be printed.

## DEPARTMENT OF THE INTERIOR, ENVIRONMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2018

The SPEAKER pro tempore. Pursuant to House Resolution 504 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the further consideration of the bill, H.R. 3354.

Will the gentleman from Michigan (Mr. BERGMAN) kindly resume the chair.

□ 2224

### IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the further consideration of the bill (H.R. 3354) making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30, 2018, and for other purposes, with Mr. BERGMAN (Acting Chair) in the chair.

The Clerk read the title of the bill.

The Acting CHAIR. When the Committee of the Whole rose earlier today, a request for a recorded vote on amendment No. 56 printed in House Report 115-297 offered by the gentleman from Alabama (Mr. PALMER) had been postponed.

AMENDMENT NO. 57 OFFERED BY MR. CARBAJAL

The Acting CHAIR. It is now in order to consider amendment No. 57 printed in House Report 115-297.

Mr. CARBAJAL. Mr. Chairman, I have an amendment at the desk.

The Acting CHAIR. The Clerk will designate the amendment.

The text of the amendment is as follows:

At the end of division A (before the short title) insert the following:

SEC. \_\_\_\_\_. None of the funds made available by this Act may be used to process any application under the Outer Continental Shelf Lands Act (43 U.S.C. 1331 et seq.) for a permit to drill or a permit to modify that would authorize use of hydraulic fracturing or acid well stimulation treatment in the Pacific Outer Continental Shelf.

The Acting CHAIR. Pursuant to House Resolution 504, the gentleman from California (Mr. CARBAJAL) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from California.

Mr. CARBAJAL. Mr. Chairman, I am offering my amendment on behalf of my constituents on the central coast of California. It simply prevents the Bureau of Ocean Energy Management from issuing any new permits that would allow companies to use hydraulic fracturing or acid well stimulation, otherwise known as fracking, in Federal waters off the West Coast. It will prohibit the use of fiscal year 2018 funds to process any new applications for this purpose. This would provide us more time to study whether offshore fracking is safe for the environment and public health.

In 2013, we learned that offshore fracking had been occurring off California's coast for more than two decades. In the Santa Barbara Channel alone, there have been more than a dozen documented instances of offshore fracking, yet we know very little about the environmental and health impacts this has had on our communities.

Already, the United States Geological Survey has concluded that the practice of injecting pressurized water into deep rock formations causes earthquakes. My constituents deserve to know the risks associated with offshore fracking on our environment, marine life, and public health.

My constituents have seen the devastating impacts of some of the largest oil spills in California's history, like the 1969 Santa Barbara oil spill. My amendment echoes my constituents' concern surrounding the impacts of offshore fracking and prohibits the use of funds to process any new applications for this purpose.

This is a commonsense measure that we should implement until we know all the facts and risks associated with this practice.

Mr. Chair, I urge passage of my amendment, and I reserve the balance of my time.

Mr. CALVERT. Mr. Chair, I rise in opposition to the amendment.

The Acting CHAIR. The gentleman from California is recognized for 5 minutes.

Mr. CALVERT. Mr. Chair, last year, May of 2016, in the previous administration, the Department of the Interior issued a finding of no significant impact with respect to these operations; thus followed a review of 23 oil and gas platforms currently operating offshore in the State of California. The review drew upon the best available science and reaffirms that these operations are operating safely, as they should.
